Remember that Launchers are this type of apps that has the task of launching all the apps installed on your devices. One of the benefits of the Android mobile operating system is that it has a great variety of Launchers available. In this post, we will show you how to enhance your home screen. Wide Launcher This is a Launcher that, as its name indicates, promises to provide us with a wider than normal home screen, thus making more efficient use of space. More space in a horizontal way. And how does it achieve this? By combining three screens horizontally. It is like having a panoramic desk with many elements on the screen, in which we can move to each of the areas of our single desk. additionally makes use of wallpaper to delimit more effectively each one of the zones. It also integrates Widgets that are placed unconventionally, diagonally, for example, this gives a unique touch. First step Download and install Wide Launcher directly from the Google Play Store, you can do it by following the link below Google Play Store | Wide Launcher - 2x wider, tile free decorating google play Second step Open the app then slide to the right and press Get Started. After that Wide Launcher will suggest you login with your Google account to import your previous Launcher settings. You can do this or you can press Cancel and then press Later. Get Started press Cancel press Later Third Step Then Wide Launcher will ask you to enable some permissions. In the first one press Set Now, now go to Usage access>Wide Launcher> Permit usage access. Now go back to the permissions screen. In the second permission press set now then press allow. press Set Now Permit usage access press Set Now press allow Step Four The launcher will start loading automatically, finally press the home button on your device. Press Remember my choice and then press Wide Launcher. And that's it, you can enjoy this powerful Launcher! Press Remember my choice Wide Launcher Home screen Home screen app box Conclusion Wide Launcher is an alternative to renew the interface of your device in an innovative way and above all to take advantage of a more efficient way your home screen. It also has a wide variety of themes for all tastes, which I recommend you to try. Also, every aspect of the interface is customizable as the widgets and groups of apps. In short, Launcher is powerful. Thanks for reading us. Bye!
