Example: Note: Due to the bug occurred on 28th April 2017, some twitter videos were not getting downloaded. The issue has been resolved and twitter video downloader is working fine now. You can now download twitter videos again. You can also download twitter videos from twdowloader.net Twitter video downloader is an online web app to download twitter videos and GIFs to your computer or mobile phone directly. Twitter videos and Twitter GIFs are embedded in the tweet, so to download twitter videos online, you need to copy the tweet URL/link and paste it in the above text box. Our Twitter video downloader will extract the twitter to mp4 link from the tweet and you can save twitter videos to your computer, android or iPhone. To download videos from Twitter to MP4 format, just follow the instruction given below. twittervideodownloader.com or this site does not host any copyrighted material or support unauthorized file sharing, all the videos are saved directly from twitter CDN. Share: Facebook G+ Twitter Using our Twitter video downloader, it is now easier for you to download twitter videos. Also, you do not have to worry about 'How to save videos from Twitter' because you can also save the video promptly after the video is downloaded. Below we have come up with a few simple steps. Follow these simple steps to download twitter videos online. How to download videos from Twitter: Open Twitter, and go to the tweet which contains twitter video. Get the link/url of the tweet which have video. Method 1: Click on the tweet, and copy the url from address bar of the browser. Method 2: Copy click on the three dots(...), and click on "Copy link to Tweet". Now right click on the tweet url and "Copy link address". Paste the tweet link in the above input url box, and click on "Download" button. If you wish to download videos other than Twitter videos, we recommend you to go to 99downloader.com, an online video downloader website which supports most of the famous. Here is a list of supported sites at 99downloader.com. TwitterVideoDownloader.com does not host any pirated or copyright content on its server, and all the videos that you download are downloaded to your system directly from their respective CDN servers. TwitterVideoDownloader.com © 2016. All Rights Reserved, Privacy Policy - About Version 3 of the official TubeMate app Download all your favorite YouTube videos Download music and videos from YouTube, Facebook and many other sites Genyoutube - Youtube Downloader Download any YouTube video to your phone Free music and wallpaper for your smartphone Can I download private videos from Twitter? No, you can't. SSS Twitter downloader app do not allow you to download videos and GIFs from private accounts or private tweets. Please make sure that you do not break the law by downloading video, it can be copyrighted, or it can contain private information about the owner. How to use Twitter video downloader for iPhone? In order to download Twitter videos to iPhone or convert Twitter to mp4 you need to use sssTwitter.com website. With iOS 13 and newer, you can save videos from online resources only in Safari web browser. For iOS 12 and lower, you can download videos only with help of "Documents by Readdle Inc." app from the Apple App Store, by using the built-in browser and our website. You will have to copy the URL of the tweet with a video from the Twitter application or open it in a web browser. Tap the share button, and find the Copy Link item in the popup menu. Copy the URL, then go back to our Twitter video downloader for iPhone and paste the link in the form on top of the page. Press the download button, and you will get the links for downloading in a couple of seconds. Does sss Twitter downloader have any limits? No! You can save video from Twitter as many as you wish, the only restriction is the wait time between hitting the download button. There is a ten seconds delay between requesting another link. This delay is mandatory to reduce server loading and to ensure best downloading speed. How to download Twitter videos on Android? To save Twitter videos on Android, you will need to follow three steps guide which is listed above. Everything is very simple. Try it and you will see it! How to use Twitter video converter? Our Twitter video converter allows you to save videos or photos to any device completely free of charge. Just add the extension to your browser and download the media directly from the Twitter page. You can also go to the sssTwitter.com website and paste the URL into the input field to run the download. Where are the files stored on my device? By default, the files are stored in a default browser folder called "Downloads". This folder is usually stored in the "Documents" folder on your desktop device (Windows, macOS, Linux, and others). Press CTRL+J on Windows or CMD+J on macOS, to open the download history of your browser, there you can find the files you downloaded earlier. To find this folder on your iPhone or Android, just tap the folder name on the search bar of your phone or tablet, please do not confuse the search bar of the phone with the search bar of the search engine. The Internet is filled with many interesting and entertaining videos which you might want to make available on your mobile devices. However, most of these host websites will not support video downloads, so you will still need to use your Internet to watch these content if you wish. Hence, you will need certain tools that can help you with the job. And among the best video downloader apps, Video Downloader from InShot is certainly a great option. Here, the useful mobile app will allow you to capture any online videos on certain webpages. Thus, enabling the download links for you to access and pick up the selected videos. Feel free to use it to download and have all your favorite videos offline. Learn more about this awesome mobile app from InShot with our in-depth reviews. What does it do? Here in Video Downloader, Android users will have the options to pick up any videos online and have them downloaded onto their mobile devices.
